Training Terms for Professional Advanced Retraining

«INTEGRATIVE ENERGY THERAPY»

Description of the Course

The program includes 18 lectures in a **370 hour** volume, 180 of which is theoretical (distant) and 190 hours of full-time practical (training) courses.

The theory subject training is effected in a form of individual studies and is finalized with a test (distantly), a write-up (distantly) and an exam (in presence). The practice consists of passing a series of trainings: “Personal Growth Training. Phases 1-4” and “Personal Growth” and passing the exam.

Each student upon being listed in the Institute for the “Integrative Energy Therapy” receives a disc with a course of lectures and helpful literature. During the practical training in the work with the human electromagnetic field, students are supplied with brochures of Phases 1-4.

	Phase 3	Practical training
	Phase 4	Practical training
	Combined and distant sessions	Practical training
5	Personal Growth	Practical training

The course carries a pronounced individualistic character, is addressed personally to each one, helps to master the necessary knowledge and the practical means of self-knowledge, self-regulation, diagnostics, psycho-correction, personal and professional growth.

In a month after listing-in you shall receive a Test-form. The Test-form is to be filled-in in electronic form and is to be redirected to the Institute's e-mail address. The Course is practical for self-training, allows each student to master the materials with an individual rapidity.

The training ends with passing of a single exam on the subject of "EMF Balancing Technique®", the technique of the "Work with human electromagnetic field in the body-oriented psychology and psycho-correction" and performing a write-up (9-12 pp.), which in future could become a base for further scientific research (a Psych. D. dissertation). The choice of the Write-up subject can be made personally, but under supervision and coordination of the Administration of the Institute. The Institute reserves the right to offer a list of Subjects to the student.

The mastering of the training material is not only beneficial to your theoretical back-ground, but allows to acquire skills of direct practical work in the profession of your choice.

Order and Conditions of admittance for training.

The list of documents necessary to receive the professional retraining Certificate on the "Integrative Energy Therapy" specialization: Contract-Inquiry, passport copy, first Higher Education (humanitarian, psychological, educational, social) diploma copy, 4 photos (3x4 cm.)

Order and Terms of Payment for training.

The training on the Course of "Integrative Energy Therapy" begins at the date of payment and the signing of the Contract with the Institute. The Cost of the distant Courses and the Certificate issue is RBL 12000. The obligatory practical training is paid separately for each. The order of undergoing the obligatory practical courses (trainings) is to be chosen individually in accordance with the Time-Schedule at the Institute on the admittance date for the Course. The issue of the Certificate for a student is made against presentation of the International Accredited Practitioner of EMF Balancing Technique® Certificate, confirming the fulfillment of the obligatory practical courses (trainings).

Best Regards, Institute Administration.
